DEMOGRAPHIC SHOCKS

France 1936

Note how few babies were born during the “Great War” (1914-1918) and the baby boomlet afterwards. Also note how many fewer men there are than women in the 40 to 60 age ranges.

A VALUABLE ASSET FOR FUTURE SUCCESS

Youth have become rarer, making them an even more valuable resource.

It's important that they learn how to work, show a willingness to learn, develop their skills, complete their educations, make good career decisions, and stay in our communities.
